

Virtual – 19 September 2024 (BST)
Agenda

Welcome to Map Camp, the enchanting virtual conference where the magical arts of Wardley Mapping, recoverability, and sustainability collide! For one extraordinary day, our team of Wardley Map wizards will conjure up a spellbinding experience, guiding you through the mystical realms of business strategy, digital transformation, and technological innovation. Whether you're battling the dark forces of supply chain disruptions or seeking to cast a spell of climate change resilience over your organization, Map Camp will provide you with the knowledge and skills you need to become a master wizard. We celebrate diversity and inclusion, welcoming all wizarding world enthusiasts to join us on this enchanting journey. So, grab your wand (or laptop) and get ready to put the "fun" in "functional strategy" as we explore the magical tools needed to triumph over even the most daunting challenges. Join us for an magical virtual experience!
